

# COVID-19 vaccine for 75 years and older

## This form puts you on our waiting list

The next phase of the COVID-19 vaccination program will be those who are 75 years and older. In anticipation of moving to that phase, Decatur Morgan Hospital is assembling a list of those who are 75 years and older and interested in receiving the vaccine.

We will contact you by phone when we have an appointment available. Completing this form is NOT a guarantee that you will receive an appointment as we have a limited supply of vaccine. If you are available on short notice to fill in gaps in our schedule, please indicate that below.

You may type your answers in the boxes below and click the submit button OR you may print this form, fill it out and email a scanned copy to [info@dmhnet.org](mailto:info@dmhnet.org).

### PLEASE PRINT CLEARLY.
